

Notice of Proposed No Further Action

for

Page Pits
3920 Canyon Road, Willits, California

Case Number 1NMC489

Mendocino County

Notice Posting Date: February 4, 2021

End of Comment Period: March 7, 2021

Regional Water Board staff proposes that no further work be required at the above-referenced site. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

Problem Description

From about 1948 through 1969, the City of Willits operated a landfill at the Page Pits property. Hazardous waste contamination from the former Remco Facility in Willits, plus wastes from other businesses and the community, were disposed of at the site. Soil, sediment, groundwater, and surface water investigations were conducted at the above-referenced site and discharges related to the former Remco facility were remediated by the Willits Environmental Remediation Trust. The closure of the Page Pits case is specific to the discharges only related to former Remco business operations.

Proposed Action

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the closure process upon conclusion of the comment period. Please contact Cody Walker at (707) 576-2642 or Cody.Walker@waterboards.ca.gov with any questions or comments. Written comments may also be submitted to:

Regional Water Board site records comprise both a paper file and an electronic file. Beginning in 2005, select file material was uploaded to the State Water Resources Control Board's GeoTracker website and not necessarily included in the paper file. All new file material after 2014 is retained only electronically.

The GeoTracker records are available at:
